How We Will Calculate Your Balance: We use a method called "average daily balance (including new purchases)."

Security Interest: This is an application for a secured credit card account. If your application is approved, as a condition for opening the secured credit card account, you agree to provide MidFirst Bank ("MidFirst") with funds that will be used to open a deposit account and to grant MidFirst a security interest in the account, which will serve as collateral for your credit card obligations to us (the "Collateral"). The Collateral may not be withdrawn at any time while it secures your credit card, including interest, fees and charges that may accrue under your secured credit card account. The Collateral will be returned only if you close your secured credit card account and pay your balance in full. If you fail to pay or otherwise default on your credit card obligations to us or if your secured credit card account is terminated for any reason, we may, subject to applicable law: (1) without advance notice, take any or all of the Collateral and apply it as payment toward your credit card account obligations; and (2) pursue other legal remedies. If any Collateral remains after doing so, it may remain on deposit for up to 90 days.

Index and When It Is Determined: The Index used to determine your variable APRs is the U.S. Prime Rate shown in the "Money Rates" section of *The Wall Street Journal* on the last day the rate is published in each calendar month (the determination date). The Index will be effective for the entire billing cycle that ends in the second month after the determination date. For example, if your billing cycle ends in July, we will use the Index determined on the last day the rate is published in *The Wall Street Journal* in May.

APR for Purchases and Balance Transfers: To determine the APR for Purchases and Balance Transfers, we add a margin of 14.74% to the Index (Prime Rate) up to a maximum APR of 24.99%.

APR for Cash Advances: To determine the APR for Cash Advances, we add a margin of 21.74% to the Index (Prime Rate) up to a maximum APR of 24.99%.

APR for Cash Equivalent Transactions: Cash Equivalent Transactions will be treated as Cash Advances for all purposes of your account, including the APR that applies to such transactions. Cash Equivalent Transactions will be charged a fee as indicated in the Fees table in this document. Cash Equivalent Transactions are those transactions performed using a merchant or service provider that VISA® or MasterCard® identifies as a seller of traveler's checks, foreign currency, money orders, wire transfers, lottery tickets, funds used for wagers or gambling or similar products or services.

Penalty APR: We may increase **Annual Percentage Rates** on all balances and transactions if you: **(1) fail to make a minimum payment to us when due; (2) exceed your credit limit with us; or (3) make a payment to us that is returned (dishonored) for any reason. The amount of an APR increase may be based on how you have handled your account with us and current and historical information regarding your credit in general. These increases will be subject to the requirements of applicable law.**

IMPORTANT NOTICE REGARDING CHANGES IN TERMS. Subject to applicable law, we reserve the right to unilaterally change the APRs, fees and other terms at any time, including after your account is closed. If we make changes, we will send you all notices required by law. You understand that the terms of your account, including APRs, are subject to change. APRs are not guaranteed and they may change to higher APRs. We may also change whether your rates will be variable or not.

Application of Payments: We may apply your minimum payment in the order we select, subject to applicable law.

Please Note: Your account generally will have monthly billing cycles, except that your first billing cycle may be more or less than one month. All credit terms, including minimum interest charges, will apply in each billing cycle, including the first billing cycle.

BALANCE TRANSFERS: We may permit you to transfer balances from other credit card companies or financial institutions ("Other Accounts") to your account if you are approved. All Balance Transfer requests are subject to our approval; we are not liable if we do not accept a requested Balance Transfer. We reserve the right to process Balance Transfers in the order we select and to limit the amount of the Balance Transfers that we make (this amount may be less than your total credit limit). If you request an amount that we do not approve, we may process a partial transfer for less than you requested or we may decline the entire request. You may not transfer any balance you owe from any other MidFirst Bank account or any of your accounts with any of our related companies. You should not transfer any amount that is in dispute in order to preserve your dispute rights. You should continue to monitor the Other Accounts that you request to transfer balances from, and you should continue to pay the minimum payments due on the Other Accounts until you receive statements from those creditors showing that the balances due on the Other Accounts have been paid in full. This may not happen until after the Balance Transfer appears on your billing statement from us. You are liable for any late payments, interest charges or disputed amounts on your Other Accounts. If you want your Other Accounts closed following a Balance Transfer, you are responsible for doing so. We will charge you a Balance Transfer Fee for each Balance Transfer. Balance Transfer Fees will be added to your Balance Transfer Balance Category. Interest Charges on Balance Transfers will accrue from the date of the transaction, or the first day of the billing cycle in which it is posted to your account, whichever is later. There is no grace period.
